HEADQUARTERS
 2156TH AIR RESCUE SQUADRON (TT)
 Mobile Training Unit
 McCall, Idaho

5 March 1952

SUBJECT: Historical Data Report, 1 January 1952 - 1 March 1952.
 Section 2.

1. Transfer to ARCS.

A directive from Headquarters MATS dated 17 January 1952 requested ARCS to take over operation of the school at McCall, Idaho. Training is to include three phases: Classroom instruction in all-climatic survival procedures, field training under actual conditions, and specialized evasion and escape techniques.

2. Problems.

a. Personnel.

Of the original 12 NCO instructors (5 from 2156th ARS (TTU), MacDill AFB and 7 from 3904th Composite Wing, SAC, Camp Carson, Colorado), only 5 remained with the unit after the move to McCall. All of these were from MacDill AFB. Instructor spaces are to come from within present ARCS authorizations and steps are being taken to obtain civilian instructors in addition to airmen instructors.

b. Installation.

The U. S. Forest Service buildings now being used are to be vacated on 1 May 1952. At that time the unit will be moved to Thorn Creek in the vicinity of McCall. Procurement of prefabricated buildings is under way.

c. Augmentation.

Following move to Thorn Creek installation, an augmented training program will be undertaken to include all ARCS and ARS flight crews, ATU and AWS instructors, etc.

3. Monthly Report on Activities.

a. January 1952.

P and Stu class of 40 students (with own instructors) from 2156th ARS (TTU), MacDill AFB, used the area for training, were furnished equipment, transport and two meals.
